

List of Patents and Licences granted and published in 2022

Situation : 25/02/2022

COMET M., SPITZER D. with CNRS, Davey BICKFORD and UniStras

Combinaison détonante, relais pour détonateur comprenant une telle combinaison détonante et détonateur comprenant un tel relais

Ref. ISL: 302

Registered in France

Application No.: FR 3 112 341, filed: 09.07.2020, published: 14.01.2022

LEMONNIER S. with UTBM

Procédé de densification d'une pièce métallique à forme complexe par compression isostatique

Ref. ISL: 297

Registered in France

Application No.: FR 3 112 707, filed: 21.07.2020, published: 28.01.2022

LEMONNIER S. with UTBM

Method for densifying a metal part having a complex shape by isostatic pressing

Ref. ISL: 297

Registered as PCT-Application

Application No.: PCT/EP2021/068276, filed: 01.07.2021, published: 27.01.2022

COMET M., SPITZER D. with CNRS, Davey BICKFORD und UniStras

Detonating kit, detonator relay comprising such a detonating kit and detonator comprising such a relay

Ref. ISL: 302

Registered as PCT-Application

Application No.: PCT/FR2021/051277, filed: 08.07.2021, published: 13.01.2022
